ABOUT THE AWARD WINNING DENVER CHAPTER OF IFMA

We are a diverse and friendly group of facilities professionals who enjoy sharing knowledge through networking. Founded on March 18, 1982, Denver is one of the original chapters in the association. With nearly 400 members, the Denver Chapter of IFMA is the one of the largest in the Southwest Region of the United States and ranks 7th largest Chapter in IFMA overall.

Our partnership program allows you to promote your organization, maximize your exposure, and communicate the benefits of your company’s products and services directly to nearly 400 key decision makers in the facility management industry across the Denver metro region. By becoming a partner, you will have the opportunity to market your products and services to a target market through a variety of advertising mediums. All of our partnership agreements are for a period of 12 months from July to June the following year, to be in-line with our fiscal year.
BUILD RELATIONSHIPS

Now more than ever, it’s important to stay connected to Facility Managers to help them find the best solutions and services for their facilities. As a partner, you should attend all chapter events throughout the year to help build relationships. Attendance to these events is strongly encouraged to fully receive all your partnership benefits of networking with our facility managers and other key stakeholders, whether in-person or virtual.

The pandemic has changed the way we live and the way we do business. In our modern world, we rapidly find new means of fulfilling our needs. Let our local network help you build those relationships and cater to the facility managers needs, quickly.
